## What is “Ninja Temple”??

Myoryuji Temple was built as a prayer place of the Kaga Domain soon after Lord Maeda Toshiie, founder of the Kaga Domain, moved to Kanazawa Castle. Later, in preparation for an emergency attack of the central government (Tokugawa Shogunate), the Maeda family considered the temples in Tera-machi as a shield. Then the family added a number of functions to Myoryuji Temple so that it would work as a lookout post and fort. To countermeasure the invasion of enemies, Myoryuji Temple is provided with a variety of mechanisms. That is why this temple is also called Ninja Temple.

## [The outline of the tour]

The tour starts from Kanazawa Station. You will ride an electric bicycle instead of gas vehicles from the station to the Myoryuji Temple's(Ninja Temple's) bike parking lot, and you can enjoy the scenery of Kanazawa while the riding (Not with entry, but only seeing with the guidance). You will watch and appreciate a lot of hidden functional mechanisms in the temple with the Japanese guidance explanation. Don't worry, there are also the many foreign languages guide books that are prepared by the temple. There will be the English and Chinese guide through the tour except the temple part, so you can also enjoy the explanation of deep information by the local guide. Please make a reservation and join the tour!!
